SanDee Prescott N.D., N.M.D.

My love goes deep for Dr. Prescott and her products. Her and her products have helped me immensely in the past 3 1/2 years that I have been talking them. I recently took my State Boards for Nursing and was very anxious. In fact I was so anxious that I couldn't think. My brain was foggy and just simply would not work. My practice test scores dropped dramatically. I received the Brain Cocktail a few days before my finals. I took it, and as I traveled the 3 hours to the test center, I was able to do a cd review and answer the majority of the practice test questions. I felt as if my mind had returned and the best part is that I was able to sleep that night. The morning of the test, I took the Brain Cocktail again. As I took my test I was nervous, but as I sat to take the test I was able to focus. My mind was clear and I was able to think through the questions and answer them. The usual feelings of anxiety and terror were gone. I was calm and could think clearly. I know without a doubt that the Brain cocktail helped me to think and utilize the knowledge already stored there. By the way, I passed my boards and I'm working as an RN thanks in part to Dr. Prescott.

Brain Cocktail™

This orthomolecular formula was designed to address important cellular level homeostasis and renewal of organ vitality. Our modern lifestyles negatively influences healthy brain function. I have been using Dr. Prescott's products for over 5 years. Three years ago I had brain stem surgery, which saved my life, but I am unable to do many things. Traveling is particularly hard on me because of the movement of the car. It stresses my muscles and bones, not to mention my brain stem. I become ill after a just a little time in the car. I began taking Dr. Prescott's Ree-Lax before traveling very far. I cannot believe the difference it makes for me while I travel. My muscles seem to not clench up nearly as much as they used to. I am not as ill when I arrive or as beat up for the next few days like I used to be. Also the Ree-Lax has helped me to not be so anxious, this is a bonus because almost every movement I make has the potential to make me ill because of my neurological issues. One more plus of the Ree-Lax is I am sleeping much better. Again, because of my health condition, sleep is elusive to me. Dr. Prescott's Ree-Lax does for me just what it implies. My muscles, bones and nerves are calm which allows me to rest better.

ZZZ's™

A good nights sleep is essentially one of the most important elements to keep you healthy. Without sleep we age at a rapid rate. Dr. Prescott has found insomnia to be a very real issue among her patients. This formula was designed with natural, non-sedative, sleep enhancing ingredients that help alleviate sleeplessness.

8 oz. powder **\$80.08**

I have had trouble falling asleep, staying asleep, and sleeping deep enough to feel rested for years. I started using Dr. Prescott's ZZZ's about 6 years ago and had finally found relief! I had even gotten to the point where I didn't need to use it everyday to get a good nights sleep. It is life changing to finally feel rested! Pregnancy makes sleeping even more difficult and I really rely on ZZZ's to get me thru. Dr. Prescott recently reformulated her ZZZ's into a powder form and amped it up a little. I just tried my first week on her new formula and being 8 months pregnant and exhausted I was very hopeful. It absolutely exceeded my expectations! The new formula is much strong and last longer thru the night, I slept like I hadn't slept in forever and was so excited that I again had a solution. Dr. Prescott has saved the day once again! Isn't she the best!!!

This testimonial is to my relation with Dr. SanDee Prescott. For more than eight years I have been a sufferer of fibromyalgia. During this time I went to a number of doctors. They treated me in different ways to no relief. Some even insinuated it was in my head even though it was my joints that were inflamed and swollen. After many tests and no results my sister told me of Dr. Prescott, so about a year ago off to Idaho we went. She analyzed my blood and gave me a number of herbs. These gave me some relief. However, Dr. Prescott continued to listen to me and my symptoms. A few months ago she added to my drops and now I am pain free for the first time in eight years. (THANKS TO A DOCTOR THAT LISTENS TO HER PATIENTS.)

I have had rheumatoid arthritis for 23 of my 46 years. I found SanDee 12 years ago. Let me just say that under her care and lots of prayer, I now have my life back.

The medical doctor's were only trying to treat my symptoms, unsuccessfully. I felt like a guinea pig. The drugs they had me on were making things worse. I knew I had to find another way.

Alternative medicine made so much sense to me. With SanDee's program I feel cared for physically, mentally and emotionally.

Gratefully and Sincerely,
T.S., Idaho

When I first visited Dr. SanDee, my blood sample looked like dirty dishwater and I was on eight prescription medications. I tossed out three meds that day and within months was down to two prescriptions. The biggest thing she has done for me is to change my attitude toward healing "naturally". I had always thought that "natural" healing meant owning up to responsibility for causing (consciously or unconsciously) every sickness I experienced. She said to forget that mistaken notion and leave the healing up to her. Her main prescription to me was to go out into the world and live actively and joyfully.

Dr. Prescott has formulated an excellent weight loss program. This program is clinically supervised and requires consultation with her. If you are ready to lose weight and keep it off, give her a call at 208-684-3368 or email customerservice@erbzrx.com with questions. Dr. Prescott will be happy to go over the program and answer your questions.

Dr. Prescott, thank you for all your time and effort in compiling a great manuscript to follow during your weight loss program. Also, thank you for giving me a way to loose the weight that many other diets seemed unable to do. I am so grateful to you for literally extending my life and in every sense giving it back to me. I started your diet in April of 2008 weighing in at a whopping 210 pounds at 5 foot 3 inches tall. So, in other words OBESE. Since going on your program and going through the first cycle, I have lost 30 pounds and feel better than I have in years in many areas. I sleep better, have better self esteem – if I can do this any one can, and I have less joint pain, better blood sugar, more normal bowels, less of a double chin and I look and feel much younger. People even comment that I move around better now than I have in quite some time. I cannot tell you how my self confidence has improved and the energy that I now have and I am only beginning. Soon I will be doing my second cycle and I can't wait. I am excited that there is truly hope to be even healthier with my second cycle.

*Thank You Dr. Prescott – There are really not words that can thank you enough.
Many Thanks – Annette from Idaho*

I just wanted to express to you how much I love your Signature Series healthy skin bar and moisturizing gel. Through out my life I have searched for a skin care regime let alone a more natural skin care regime that really worked. I grew up with terrible skin; I was very oily and had acne most of my life. As a former Miss Iowa in the Miss America Pageant, it was always important for me to figure out how to control my skin problems. Unfortunately, your products weren't around then.

As an adult, I still had to fight some skin problems such as adult acne. Over the years, I have tried several skin care products; some very expensive and some not so expensive. None of them really did what I needed them to do. I tried cleansers, astringents, masks, scrubs, facials...you name it... I tried it.

This last year, I tried your healthy skin bar and moisture gel and after the first month, I fell madly in love with these products. I went from using organic body gel and lotion for my total body care to just using the skin bar and moisture gel; and from using cleanser, astringent and moisturizer, to just using the same skin bar and moisture gel. Now instead of taking five different products with me when I travel, I take two. I can hardly believe that I need just two products for all my skin!

My skin looks clearer and healthier than it has for years. Its smoother, the pores are shrinking, and people have even told me I look younger. Thank you for creating these wonderful products! And to think that they are totally organic! You have a lifetime user here.

*Loving my skin for the first time!
